Backend: Node.js, Express, SQL, Knex, PostgreSQL, MongoDB, Docker, Heroku, Git CLI, Python, VSCode

Additional Skills: Agile Project Management, Algorithms, Architecture, Debugging, Deployment, GitHub

PROJECTS

CoderHeroes E-Learning Application; *Team Lead*

[\[GitHub\]](#) [\[Website\]](#)

- Assisted in the assembly of an E-Learning Booking Application; implemented Okta for user-authentication and Stripe for payment-processing
- Routinely met with stakeholder to conceptualize product mission, present finished tasks, and plan implementation of future features
- Led Lambda students in an Agile development environment; promoted collaboration and professionalism by hosting daily team meetings to gauge progress towards goals

CaliCafe Website

[\[GitHub\]](#) [\[Website\]](#)

- Using React and Node, created and designed a Google-Search-Query compliant site which solved an enduring advertising difficulty for a local business
- Routinely met with business owner to present progress, clarify objectives, and isolate further aesthetic and technical requirements

Ecommerce Application

[\[GitHub\]](#)

- Constructed online store via ReactJS frontend and MongoDB backend; includes buyer/seller account authentication using JWT as well as payment processing using Stripe
- Incorporates elaborate Redux management and API middleware to supervise robust data demands; extensively debugged API errors using Postman and HTTPie

EXPERIENCE

InteriorSpecialties, Tampa, FL - Assistant Shade/Blind Installer

May 2019 - July 2021

- Entrusted with the independent execution of delicate, high-cost construction site responsibilities
- Executed tasks in accordance with standard of 'meticulous attention to detail' according to Lead Installer's direction and OSHA regulation; including but not limited to fragile window frame prep, product staging, and preservation of product

PapaPal, Tampa, FL - Senior Caretaker

Dec 2018 - May 2019

- Provided services to senior citizens inclusive of household chores, medication pickups, and home cleaning services in an effort to administer the best possible patron experience, and maintain a high customer satisfaction score
- Acted as a respectable and responsible reflection of the company whilst also being personable and friendly to the elderly patrons
- Traveled within a 2-hour driving range of Tampa, FL to provide caretaking services 5 times per week, on average.

EDUCATION

BloomTech (FKA Lambda School), Graduate, Full Time Full Stack Web Development

Dec 2021

University of South Florida, (52 Credits Completed) Bachelors of Engineering in Computer Science

Dec 2020
